

**The Yarmouth (Isle of Wight) Harbour Commissioners
Notice to Mariners
Yarmouth Harbour**

Safe Distance Clearance of Pier Head

No: 4/2022

Date: 04 January 2022

Vessels arriving at or leaving from Yarmouth Harbour are strongly advised to keep a clear distance of 100m when passing the north side of the pier head.

Anglers frequently fish from Yarmouth Pier Head and their lines are difficult to see, especially in bright sunlight. Mariners are therefore advised to keep well clear to avoid snagging or cutting fishing lines and potentially incurring damage to their boats and/or crew.
