Covid 19 travel to England Updates**

18 March travel to England changes

If you will arrive in England from abroad after 4am, Friday 18 March, you do not need to:

- take any COVID-19 tests – before you travel or after you arrive
- fill in a UK passenger locator form before you travel

This will apply whether you are vaccinated or not.

You also will not need to quarantine when you arrive, in line with current rules.

There are still steps you can take to protect yourself:

Get Vaccinated

Let fresh air in if meeting indoors

Consider wearing a face covering in crowded enclosed spaces

If you have covid 19 symptoms get tested and stay at home if positive
